THE RACE-O-RAMA RACING SERIES

The Race-O-Rama racing series pits the best racers against each other in the widest variety of racing challenges ever!

THE RACE-O-RAMA CIRCUIT

You'll start the series in the amazing Radiator Springs Speedway. By winning the flashing gold Race-O-Rama events you will be able to visit new cities in the Race-O-Rama race circuit like super cool Santa Carburera, awesome Motoropolis and amazing Autovia!

GOLD EVENTS

To unlock new cities and work your way to the championship race you must beat all available Gold Events. The Gold Events are easy to find on your mini-map. Just look for the FLASHING GOLD STAR.

EXPLORATION MODE

Whenever you are not competing in a race or playing a mini-game you will be able to explore whichever city you are in, including Radiator Springs Speedway. Exploration mode is where you will find join points for all the events, including Gold Events!

MOVING ALONG

If you don't know what you need to do, talk to your buddy Mack. He will give you hints and let you know how many gold events you have left to beat before the next city is unlocked. When you are ready to go to the next city talk to Mack and he will take you there. The pause menu will also show you how many gold events you have completed.

STANDARD EVENTS

These events provide all kinds of fun outside of the Race-O-Rama racing series and allow Lightning McQueen to visit the various shops around Radiator Springs. Notice these events don't have a big star under them! Only Race-O-Rama circuit events have a star and flash.

REWARDS

Beating events for the first time will reward you with cool new ways to customise Lightning McQueen and his friends with things like paintjobs and new sets of wheels.

Gold Events have 3 Sparkplug Pickups hidden along the race course. Pick up all 3 of these during a single race and you will be awarded new playable characters!

Collect Bolts around Radiator Springs, Santa Carburera, Motoropolis and Autovia. Gold Pickups will award you with 500 Bolts, Silver Pickups will award you with 100 Bolts and Red Pickups will award you with 10 Bolts.

By collecting Bolts Pickups that are scattered throughout the world you will unlock new parts that you can place on Lightning McQueen at Doc's shop!

DRIFTING

Drifting is a cool new style of driving that Lightning McQueen is really excited about! Now he can use Doc's secret driving techniques everywhere he goes. Remember, sometimes you have to turn left to go right!

Drifting
While driving fast hold the LT to enter drift mode. In drift mode you can do cool loose drifts or tight drifts that help you make those tight, difficult turns. Pushing the Left Stick lightly while in drift mode will allow you to drift loosely and rack up a lot of points! The more you push the stick the tighter the drift becomes, making turning easier!

Drift Meter
The Drift Meter shows you the angle that Lightning is drifting. A more extreme angle will put the meter in the green. Combining an extreme angle with a lot of speed will help you score a lot of points!
